

Mental Health Task Group Meeting
28.12.16
At Kingston Quaker Centre

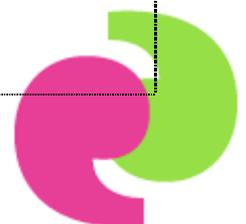

Present:

Graham Goldspring, Chair	GG	Sophie Bird (HWK Community Engagement Officer)	SB
Alan Moss	A Moss	Sue Ilsley	SI
Jo Boxer	JB	Tony Williams	TW
Jenny Pitt, HWK	JP	David Wise	DW

ITEM		Action
1.	Welcome and Apologies Apologies received from Ann Macfarlane and Barbara Briggs.	
2.	Notes and actions of the last meeting <ul style="list-style-type: none"> • Crisis care concordat has been circulated. The CCG draft mental health commissioning intentions to be found and link circulated to group members by SB. This Commissioning Strategy needs to be on the agenda for the next meeting. • SB found she could easily give feedback about services for the CQC. AM suggested people give feedback. SB to circulate the poster with the web link. • TW suggested contacting the Society of IT Managers to look at the cost of the directory, which looks at the accessibility of websites and ranks them. Possibly something that HWK could subscribe to? • Comments on discharge protocol with SWL&STG to be rescheduled for a future meeting. • TW suggested we meet Michelle Johnson's replacement and communicated HWK list of issues. GG also suggested that a rep from HwK should be on the steering group. TW recommended that equality and diversity is incorporated into the ToR of new-look task groups. SB will feed this back to Steve Hardisty and report back at the next meeting. JB said invite Michelle's replacement to the next MH TG meeting. • SB asked GG whether we should have a member of the LGBT forum attend the MH TG meetings. GG felt it would 	<p>SB</p> <p>SB</p> <p>TW</p> <p>SB</p> <p>SB</p> <p>SB</p>

	<p>be good for Steve Hardisty to come along to a meeting to talk about Healthwatch’s work around mental health and advise on a cohesive way of working with other agencies. SB can contact the forum through GG. SI asked whether the forum liaises with the Wandsworth group Voicing Views, John Morell? GG wasn’t aware of this and SI explained that SWL&STG MH Trust had asked him to some work on how the trust approaches LGBT community. GG will contact the LGBT forum to find out more.</p>	<p>SB GG</p>
<p>3.</p>	<p>Tolworth Hospital Enter & View Visit</p> <ul style="list-style-type: none"> • Action plan circulated. TW said that the sub group looked at the action plan for Lilacs. Need to pass on to Jonathon Mason some basic points that are missing. We need to think about next steps. Possibly go back to visit in March? TW said we should communicate with CQC and give them the feedback we have, and base our decision about our next step on that dialogue. TW to look at the Jasmines Action Plan and then we find out time frames. Clarifications and corrections to be made as soon as possible by Jonathon Mason. AM suggested the action plan is numbered rather than bulleted to avoid any confusion - SB to contact him. • JB expressed concern about going in before the CQC. SI said we should maintain momentum as a local Healthwatch so a timely visit might be better. • SB has noticed in the action plan that person centred issues haven’t really been addressed. • AM said that Jasmines should be submitted together with Lilacs and we can address that via email rather than in a meeting. • SB suggested the next sub group meeting is for planning the next Enter & View visit. 	<p>TW SB</p>
<p>4.</p>	<p>IAPTS (Improving Access to Psychological Therapies) project plan</p> <ul style="list-style-type: none"> • SI said we were pursuing answers to specific questions but as we are a year on, is it worth pursuing further? Although the service provide targets, you never really get a feel for the quality of the service. SI has found out from her own GP that changes have been made, with a psychiatrist now 	

7.	<p>Any Other Business</p> <ul style="list-style-type: none"> • AM questioned the attendance, did we know why some people are not attending. SB will talk to Eleanor Levy to see if she still wants to attend. SB said there are a few new members who haven't attended and possibly the task group meetings are slightly overwhelming. The language is technical. But the creation of project groups will make it more accessible. • SB will send out email reminder to partners to try to get their attendance. • GG suggested we call the task group a "steering group" which is the umbrella over the project groups. 	<p>SB</p> <p>SB</p>
	<p>The next Mental Health Task Group meeting is Thursday 10th March, 10am - 12 at Kingston Quaker Centre</p>
