About Healthwatch Kingston

We help people get good health and social care services in the Kingston area.

Kingston upon Thames

About Us

Healthwatch Kingston helps to make sure that people who plan, run and check health and social care services:

- listen to people who use these services.
- think about what people are saying.
- use this information to make services better.

What we do

- Give people information, advice and support about health and social care services in the Kingston area.
- Find out what people think about services.

CARE

- Go into care services and check how good they are.

Care services are things like doctors, hospitals, dentists, care homes.

- Use the law to make sure services listen to what people say and work to make things better.

- Tell services what support people need and how they want to get this.

- Share information and ideas about how to do things with other Healthwatch groups.
