3.1 On 1st April 2023 the national-level commissioning of NHS dentistry will devolve to the Integrated Care Systems, although a single team will undertake commissioning on behalf of the five London ICS's. The issues with NHS dentistry, including 'dental deserts' in much of the east of England, have been widely reported in the media and Healthwatch England has raised concerns; the position in London is rather better than in England as a whole but is not satisfactory and the pricing schedule is such that some dentists are declining to undertake NHS work. It is hoped that the clawback of funds from dentists who discontinue NHS work can be retained locally to mitigate some of the effects of service shortages, and the six SWL Healthwatches will be working with the ICS lead on dentistry to see what can be done in the first instance within the current contract.  Secondly, the long-awaited NHS Workforce Plan is still not available. The Kingston Place-Based Partnership Committee is undertaking some workforce planning locally, and a workshop took place on 21st March, focussing on integrated neighbourhood teams.  3.2 SBa/CD/SB to include a reference to the Three surprising trends in adult social care   The Kings Fund (kingsfund.org.uk) report in the HWK Careworkforce Wellbeing Project Report  4 Q4 Finance Report - Jan to Mar 2023  4.1 The Board reviewed and noted the finance report showing activity to 16 March 2023 (Quarter 4).  4.2 SB will work with CD and EC to provide a revised Q4 report through to 31 March 2023 for the Board review.  4.3 The Board formally endorsed that EC and SB now liaise with our Independent Examiner (rdx Accountancy Limited) to prepare the HWK end of year accounts for 2022/223.  5 Q3 Activity Report - Jan - Mar 23 (20 min)  5.1 SBa provided an update on the HWK Careworkforce Wellbeing Project and Making Safeguarding Personal reports coming up. Also noted HWK London Ambulance Service community engagement being referenced by the London Assembly Health Committee in their letter to LAS to inform the L	3	Q4 Chair's Report - Jan to Mar 2023

	will help shape the development of the strategy. This was an insightful	
	AALDPB workshop which flagged up the importance of suicide crisis lines	
	having accessible information.	
	5.4 On behalf of HJW, SB gave brief Youth Out Loud! (YOL!) update. LM noted	5.4 SB /
	- p10 in relation to YOL! - Added Korean and Tamil subtitles - wording	HJW /
	needs tweaking - "wrong voice overs" and SB noted - p11 - in regard to	SBa
	exam stress topic, SB said YOL! have done films about this previously and	
	perhaps a different topic would be more useful. (SB to discuss with HJW /	
	SBa).	
	5.5 JHO provided an overview of the Comms Reports.	
	5.6 SB updated the Board about HWK engagement reports that are being	
	prodiced and asked for individual Trustees to sign-off on these on behalf	
	of the Board when these are available.	
	5.6.1 LM agreed to review the Careworkforce Wellbeing report.
